CURRICULUM

Learn the fine art of ballet through instinctual self-awareness. Teaching methods at the Box resemble few others in the world, allowing dancers to grow physically, mentally and passionately. These techniques promote continual progress and growth more rapidly than traditional methods. This unique approach to dance, called The Cradle Method™, greatly reduces the risk of injury and enhances the beauty of the natural line. It produces a style of dance that is free from the constraints of an imposed, artificial form.

JohnC School of Art Ballet (Ages 11 & Up): Graded classes in Classical Ballet to meet the needs of students at each stage of their development. Training is built upon the solid foundations of the Cradle Method, the exclusive training method of The JohnC Art Ballet. Students take multiple dance classes per week to prepare them for a future in the professional dance world. Dress Code: Girls - Black leotard, pink tights, and pink canvas ballet shoes. No skirts, and hair pulled back and secured. Bring socks. Boys - White T-shirt, black tights, dance belt, and black canvas ballet shoes. Bring socks.
